

INSTRUMENTATION TECHNICIAN

\$67,380 AVERAGE ANNUAL SALARY*

Are you a problem solver with a knack for small details? Instrumentation may be the perfect craft profession for you. Instrument fitters and technicians perform key installation and maintenance functions across several industries and are trained in piping, tubing, fastening and working with metal production. Instrumentation technicians and fitters have to be familiar with electrical systems, craft-specific drawings and must be experts in the hand and power tools specific to their trade.

Education Options

- Technical schools
- Community colleges
- Registered apprenticeships
- Industry training programs

Students can start in high school where programs are available.

**Average base salary does not include overtime or incentives.*
